

Historic Players

When adding historic scorecards, users may need to create member records for past players. As part of this process the player is normally assigned a squad role by the user so that he is available for selection when the user enters the next historic scorecard for that team.

The problem with this is that once the player has an active squad role, they appear for selection for current games, so cluttering up the team picker screens.

To cater for past players, a new status for squad roles of “historic” has been added so that these players can be distinguished them from active (current) players.

Scorecard Entry

When completing the team confirmation page, if the match belongs to the current season you will only see players who have a role with the selected squad with an active status. For a past season the list will also include players with a squad role with an historic status.

Use the Search for Player facility to find other players.

Copy team from match vs:

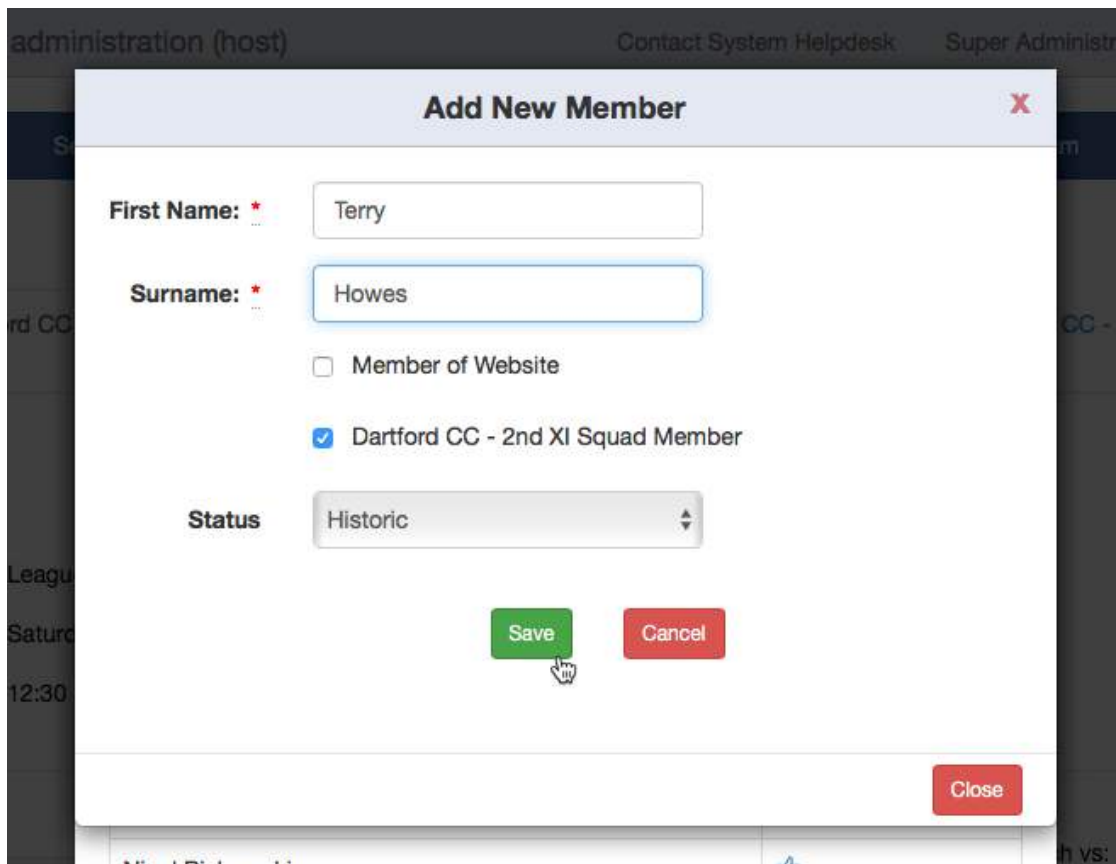

Squad:

Player	Player	Player
Jamie Baldwin	Michael Churchill	Fred Florry
Sean Griffin	Oliver Hutton	James Meddings
Julian O'Riordan	Marcus O'Riordan	Richard Power
Tim Rowell	Charlie Russell-Vick	Patrick Sadler

Enter the first few letters of the surname and click Search. In the example below, the search is for a surname “Howes”. Since he isn’t listed, Select Add New Player.

When adding a new member for a fixture prior to the current season, the default status will be set to 'Historic'. Save the entry and it will be added to the team sheet as well as the member database.

Here is an example of the completed team confirmation page.

You can also filter by a member not having an active or pending role

Role Sub Role

Name	ID	Email	Telephone	View	Player Stats	Email	Match	Edit Roles	Select All
------	----	-------	-----------	------	--------------	-------	-------	------------	------------

* = Unregistered User = Match User = Remove Role

Set the Role to Squad Players and select a squad in the Sub-Role if required. The Status box may now be set to Historic for the search.

This search has found 2 players from the 2nd XI squad with a status of historic.

Member Database Less Filters

Search for	In Surname	Role Squad Players

Changing Historic player to Active

If the 'historic' player needs to be made active for selection in a current fixture, there is a function to do this. This is done on a squad basis.

Add New Member With This Role ★ Apply This Role To Other Members Change to Active Player Email

Name	Telephone	View	Player Stats	Email	Match	Edit Roles	Select All
Peter Aston *							<input checked="" type="checkbox"/>
David Jewiss *							<input type="checkbox"/>

User = Match User = Remove Role

Select the player whose status is to be changed and click the 'Change to Active Player' button. The following prompt will appear, giving you the opportunity to change your mind.

★ Add New Member With This Role

ID

Are you sure you wish to change the 1 selected players to active squad roles?

3779

3779245

Cancel OK

The process also works in reverse – see below.

Change active player to historic

Starting with the Member Database, click on More Filters.

Member Database

Search for In Surname Role All

Name	ID	Email	Telephone	View	Player Stats	Email	Match	Edit Roles	Select All
------	----	-------	-----------	------	--------------	-------	-------	------------	------------

* = Unregistered User = Match User = Remove Role

The action is performed on a squad basis so search for active Squad Players and include the squad in the sub-role if required. This example shows the 1st XI Squad Member. You could leave the Sub-Role set to 'All' but there may be too many players to deal with.

Member Database

Search for In Surname Role Squad Players

User Type All Status Active Sub Role 1st XI Squad Member

Date of Birth After Date of Birth Before

You can also filter by a member not having an active or pending role

Role Sub Role

Name	ID	Email	Telephone	View	Player Stats	Email	Match	Edit Roles	Select All
------	----	-------	-----------	------	--------------	-------	-------	------------	------------

* = Unregistered User = Match User = Remove Role

When the results of the search have been returned, select the players that you wish to make historic and click the 'Change to Historic Player' button.
