

## How to reschedule an abandoned cup match

If a cup match for an administered league has been abandoned and needs to be rescheduled, there is an option for the administrator to change the original match to a 'Friendly' and then to create a new fixture.

This will preserve the players' stats for the abandoned match.

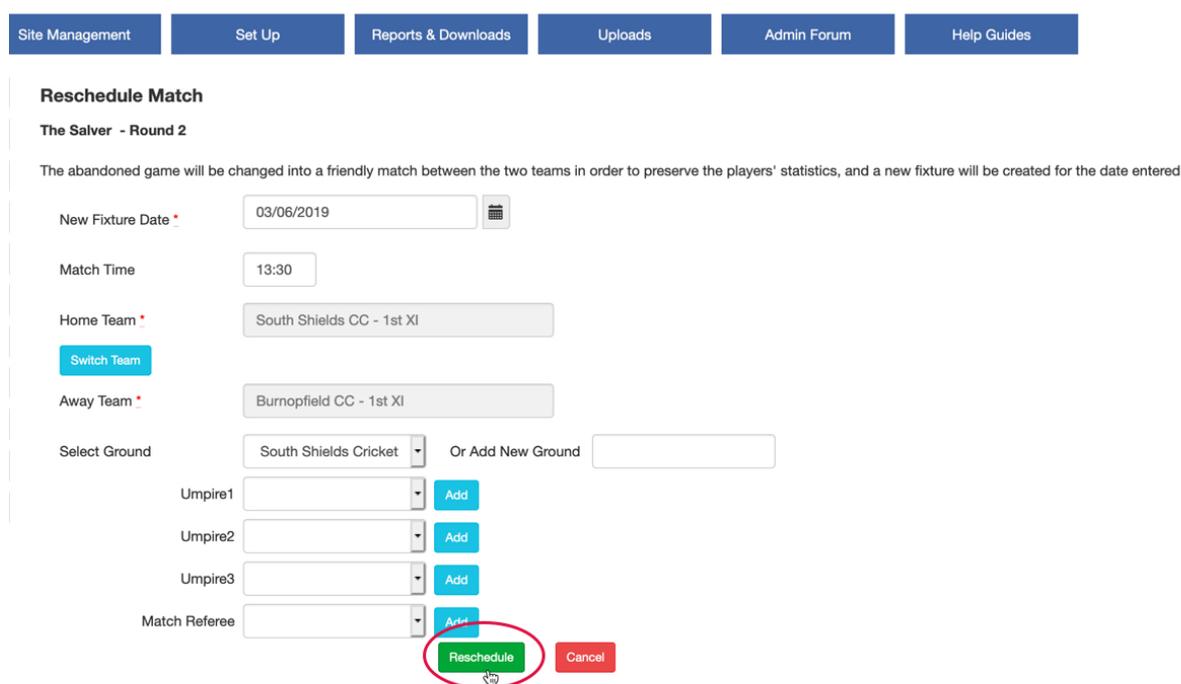

There is no 'Abandoned' result for a cup match. It will be seen as 'Match in progress'.

Edit the match and you will see a button 'Reschedule Match' near the top of the page.

The screenshot shows the 'Edit Result' interface for a match between South Shields CC - 1st XI and Burnopfield CC - 1st XI. At the top, there is a navigation bar with buttons for Site Management, Set Up, Reports & Downloads, Uploads, Admin Forum, and Help Guides. Below this, the 'Reschedule Match' button is highlighted with a red circle. Other buttons include 'View Result and Scorecard' and 'Back'. The main content area displays match details: Type (Cup: North East Premier League - The Salver 2019 - Round 2), Date (27/05/2019), Start Time (13:30), Rules Type (Standard), Scheduled Overs (40), No of Innings (1), Revised Overs, Ground (South Shields Cricket Club), and Ground name.

Enter the new fixture date and any other changes, then click the 'Reschedule' button.

The screenshot shows the 'Reschedule Match' form for 'The Salver - Round 2'. It includes a text box explaining that the abandoned game will be changed into a friendly match. The form contains fields for: New Fixture Date (03/06/2019), Match Time (13:30), Home Team (South Shields CC - 1st XI), Away Team (Burnopfield CC - 1st XI), Select Ground (South Shields Cricket), and three umpire fields (Umpire1, Umpire2, Umpire3) with 'Add' buttons. A 'Match Referee' field with an 'Add' button is also present. At the bottom, the 'Reschedule' button is circled in red, along with a 'Cancel' button.

The rescheduled fixture will appear on all sites involved and the original match will appear on the club sites as a Friendly match with a result of 'Abandoned'.
